History/Literature Example Lesson Plan

Objective: Identify important figures from history or literature

Resources Needed:
- iPad
- SonicPics Lite (iTunes App store)
- Wireless internet access

Instructions:
1. Download SonicPics Lite to the iPad from the iTunes App Store
2. Select three important historical or literary figures
3. Find and download the images of these people
   a. To save a picture from the iPad web browser, press and hold your finger on the image until options appear
   b. Select the "Save Image" option
   c. The picture will be stored in the Photos application
4. Use these images in SonicPics Lite and record your explanation for selecting these figures

Benefits:
- No computer lab needed/can stay in the classroom
- Allows students to tap into their creativity
   o Choose and edit pictures
   o Use their own narration with their photos
- Promotes student research skills
